

ATC LANGUAGE SCHOOLS

Summer Junior Programmes 2024

The most comprehensive range of residential summer programmes in Ireland

Join students from around the world and learn English with ATC in Ireland!

We are pleased to offer an exciting range of junior summer programmes, in addition to our year round adult schools in Bray and Dublin.

Established over 50 years ago, ATC is accredited by ACELS in Ireland and Equals internationally, and ATC is a proud member of Quality English and also a founding member of MEI (Marketing English in Ireland) and Select Ireland, and so by choosing ATC you can be sure you are choosing programmes with high quality; academically, socially and culturally and also a team that cares about your students' welfare.

University Campuses

- ⇒ University College Dublin, UCD
- ⇒ Trinity Hall Campus, Trinity College
- ⇒ Maynooth University
- ⇒ University of Limerick

Boarding School Campuses

- ⇒ Blackrock College
- ⇒ Rathdown School
- ⇒ Kilkenny College

At ATC we believe that learning English should be fun; therefore all of our courses are designed to combine communicative language learning with a busy activity programme in a fun environment.

All of our summer programmes include -

- ✓ 15-20 hours per week English classes
- ✓ Qualified and experienced teachers
- ✓ End of course certificate
- ✓ Full board accommodation
- ✓ Onsite sports and group activities
- ✓ Full day and half day trips each week
- ✓ ATC staff on campus 24/7
- ✓ Students grouped in classes by level of English
- ✓ Daily homework tasks and weekly tests
- ✓ Comprehensive social and cultural programme
- ✓ Residential & host family accommodation options
- ✓ Excursions exploring the local area
- ✓ Varied evening programme

We welcome students travelling in groups, and in our Dublin centres, students travelling individually as well. All individual students will have a staff member allocated to every 15 students who will act as their group leader for the duration of their stay.

Summer Academic Programme

ATC's summer academic programme aims to engage and motivate young learners through active and interesting lessons, encouraging maximum communication between students and helping them grow in confidence while learning English.

The curriculum has been designed against the CEFR and all levels are offered from A1 to C1.

The syllabus operates on a 4 weekly basis and has been designed with the students' experience in mind.

Our timetable is planned so that there are 2 lessons per day, over 5 days, with weekly alternating morning and afternoon classes.

Sample Weekly Lesson Plan					
	Day 1	Day 2	Day 3	Day 4	Day 5
Lesson 1	Hobbies, talking about myself	School Life	Holidays	Leisure	Music
Break					
Lesson 2	Introduction to Ireland	Myths & Legends (Tir Na Nog)	Celtic Art	Traditional Festivals	Irish Films
Weekly Project	Create a Radio Show				

Please note that the above topics are a sample and will change each week.

Also Included...

My Learning Journal - A personalised diary for students to make notes from lessons, record new words and phrases, and reflect on what they have learnt each day. This is for use in the classroom and also during the cultural and social activities.

ATC Online - this platform allows students to view their learning outcomes and main task for each lesson. They can also use it to learn about their tours. Access is given to the student and parent for their course and for 12 weeks after their stay with ATC.

Next Generation Workshops - 3 hours per week of theory and practical sessions for students aged 15 years and over, focusing on Job Hunting, CV Preparation and Job Interviews & Techniques. Content includes 21st century skills, critical thinking, creativity and collaboration. Students are encouraged to consider their future employment possibilities and envisage the path that will lead them to their desired vocations.

Or

Conversation Club - 3 hours per week for students aged under 15 years to activate vocabulary from class, develop fluency and practice listening skills. The content encompasses authentic topic areas of life including hobbies, friends and personal interests, as well as wider themes such as inventions through the ages and media and advertising. Students also have an opportunity to practice presentation skills.

STEAM (Science, Technology, Engineering, Art, Maths) - 3 hour workshops providing a fun avenue for younger students to explore English outside of the classroom.

All of our university campus programmes include **ATC On Campus Projects**, designed to encourage creativity while practising spoken interaction. Activities include Photography, Vlogging and Gamezone.
