Our Centres

Paul Greaves - Director of Young Learners

I'm delighted to present the Summer 2024 programme from English Study Camps by WSE.

In our years of running juniors' programmes we've found so much inspiration in the positive impact that a few weeks in a summer centre can have on young people's lives. We are constantly working on ways to give our junior and teen students the kind of experience that they will always remember. We use an approach to teaching children and young adults that equips them with the tools they need to succeed in life.

For 2024 we are offering a choice of 4 locations, all within easy reach of London.

UK STUDENT MENTOR PROGRAMME

Our British student mentors are part of the programme at Lord Wandsworth College, Hampshire. As members of the student body they study alongside our international students, giving them the opportunity to learn about British culture first hand from their peers.

Our mentors live on campus with our international students and participate in our Future Business Leaders course and all activities.

Last year we welcomed 21 different nationalities at Lord Wandsworth College, giving both British and international students the opportunity to make friends and learn about different cultures. This unique platform cultivates cultural exchange and brings greater international understanding to all participants.

Ella - UK Student Mentor

I was a British student mentor, I thoroughly enjoyed my experience helping the international kids improve their English and understand British culture. I've made many friends that I'm still in contact with to this day
